EXPLANATORY STATEMENT

(Pursuant to Section 102 of the Companies Act, 2013)

The Specialty Chemicals Business of the Company (the 'Business') includes the Mahad manufacturing facility for Polymer Chemistry range of products and a Trading portfolio in Polymer and Surface Chemistry products sourced from other units of AkzoNobel.

About 80 employees are currently working with the Business.

In the year ended 31 March 2017, the Business recorded revenue of Rs 2,641 million and segment profit of Rs 215

million. During the six months ended 30 September 2017, the revenue from the segment was Rs 1,153 million and profit was Rs 41 million (This represents 7.7% of Revenue and 3.6% of PBT of Akzo Nobel India Limited).

Akzo Nobel NV ('AkzoNobel') announced in April 2017 its intention to separate its Specialty Chemicals Business from its Paints and Coatings Business to create two focused and separate businesses. The Specialty Chemicals Business of Akzo Nobel India Limited is closely integrated with the global Specialty Chemicals Business of AkzoNobel. Given

this interdependency, the Board of Directors believes it will be in the best interest of the shareholders, concerned employees and customers that the India Specialty Chemicals Business is also divested to the said Specialty Chemicals global entity or its affiliate.

KPMG India Pvt Limited, a reputed valuation firm, has carried out an independent valuation of the Business and has recommended a value in the range of Rs 3,129 million to Rs 3,254 million. A copy of the aforesaid report will be available for inspection at the registered office of the Company on any working day between 11:00 hours and 17:00 hours upto 18 December 2017.

M/s ICICI Securities, a SEBI registered Merchant Bank, has evaluated the process followed in the valuation of the Business and have advised that in their opinion, the value range for the Business as recommended by the valuers, which forms the basis of the proposed transaction is fair and reasonable.

Taking into account the aforesaid Independent Valuation report and fairness opinion, the Board of Directors recommends for approval by the Members, a proposal to transfer the Specialty Chemicals business of the Company as a going concern. Salient features of the proposal are:

- The Specialty Chemicals Business may be transferred to an affiliate of Akzo Nobel NV as a going concern by way of a slump sale.
- The consideration for the transfer of the Business will be Rs 3,200 million, subject to adjustment for Net Working Capital on the date of transfer and payable in cash.
- All employees in the Specialty Chemicals business will be transferred to the purchaser with continuity of service on terms no less favourable than those prevailing on the transfer date.
- The transaction will be implemented after receiving the approval of shareholders and all other necessary statutory approvals.

Section 180(1)(a) of the Companies Act, 2013 (the 'Act') provides that the Board of Directors of a public company shall not, without the consent of such public company by way of a special resolution, sell, lease, or otherwise dispose of the whole or substantially the whole of the undertaking of the Company or where the company owns more than one undertaking, the whole or substantially the whole of any such undertaking. The said section also defines an

undertaking 'as an undertaking in which the investment of the company exceeds twenty per cent of its net worth as per the audited balance sheet of the preceding financial year or an undertaking which generates twenty per cent of the total income of the company during the previous financial year'.

The Specialty Chemicals undertaking proposed to be divested will not fall within the aforesaid criteria and accordingly the requirement of approval of the shareholders by means of a special resolution would not apply.

However, the aforesaid proposal to transfer the Specialty Chemicals Business of the Company would qualify as a material Related Party Transaction in terms of section 188 of the Act, not in the ordinary course of business and needs to be approved by the shareholders. In accordance with the said section read with regulation 23 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015, the shareholding entities of the Company belonging to the AkzoNobel Group, being 'Related Parties', shall abstain from voting on the proposed resolution.

The Board has at its meeting held on 7 November 2017, resolved to seek the approval of shareholders for the aforesaid proposal through Postal Ballot as envisaged under sec 110 of the Act. This resolution is therefore being sent to the members for recording their assent or dissent in the ballot form attached hereto or through the e-voting.

The purpose of this resolution is to authorize the Board to transfer the undertaking of the Specialty Chemicals Business as aforesaid, subject to obtaining all other necessary statutory approvals, on terms and conditions mentioned above or on such modified terms as the Board may consider fair and reasonable.

No Director or Key Managerial Personnel (KMP) of the Company has any concern or interest in the resolution except to the extent of their shareholding in the Company and/ or their employment with the Company or with Akzo Nobel NV as the case may be and/ or the value of underlying shares of Akzo Nobel NV due to them under the terms of their employment.
